

How to configure your Hebrides.Net dial up connection (Windows XP)

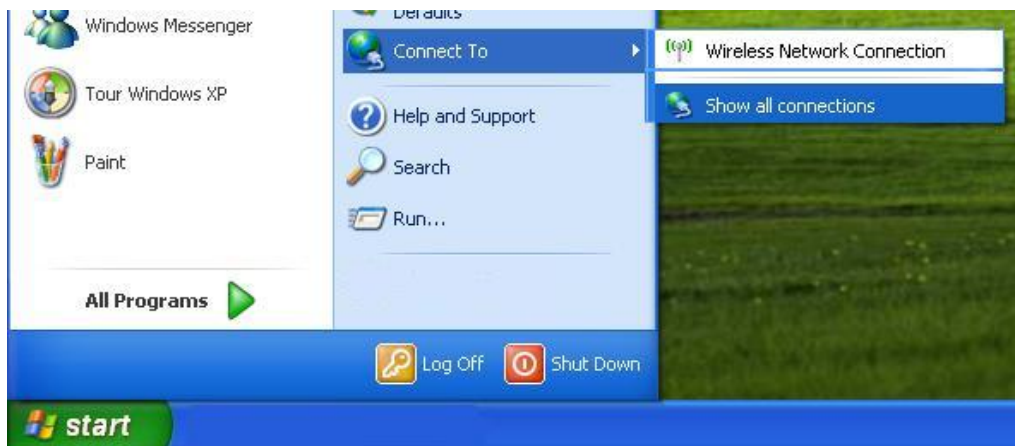

Introduction

The purpose of this document is to illustrate the process for setting up your Hebrides.Net dial up connection on a computer running Windows XP. Please follow each step exactly as shown to successfully connect your computer to the Hebrides.Net dial up platform.

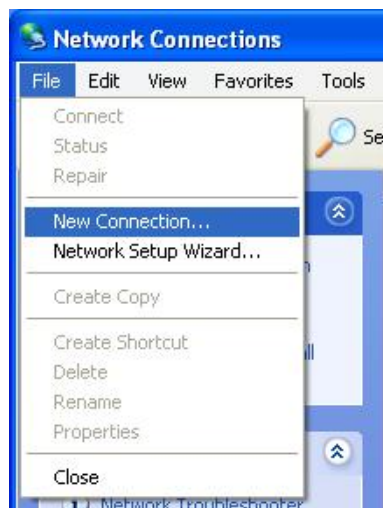

This service is provided free of charge with your Hebrides.Net broadband service. You will be charged by your telephone provider at the equivalent of a local rate phone call whilst online.

Creating the Connection

Click on **Start**, **Connect to**, and click on **“Show all connections”**

Click on the **file** menu located at the top left of the presented folder and click on **“New Connection”**

You will be presented with the New Connection Wizard. **Click next**

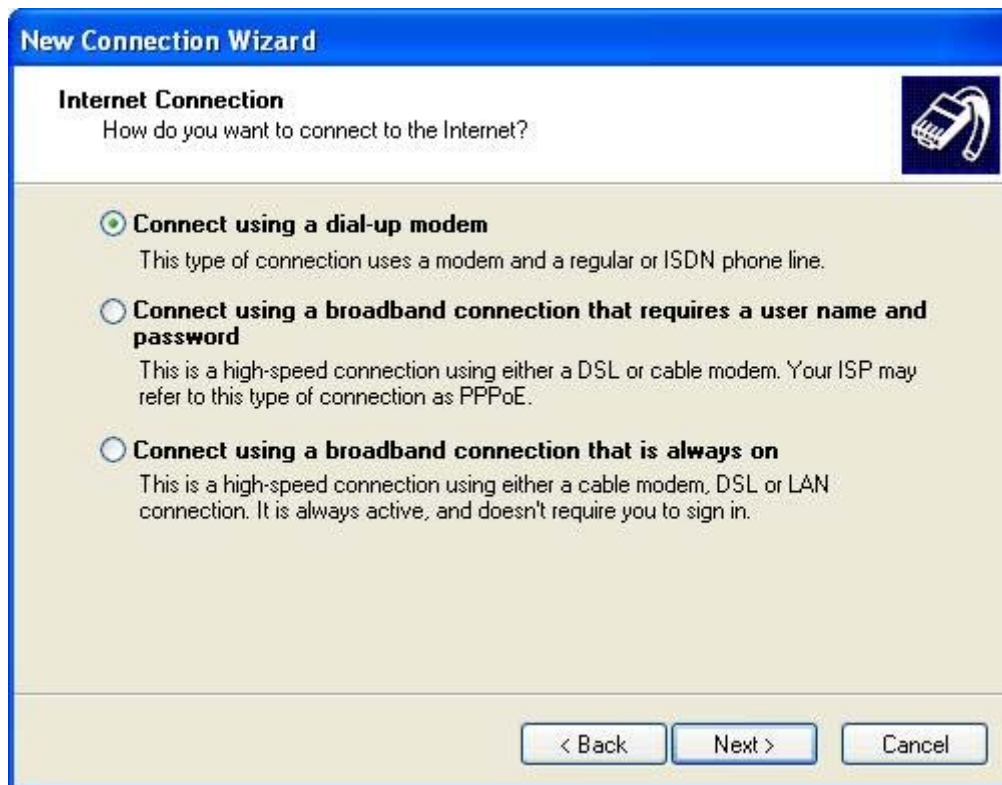

Select **“Connect to the Internet”** and **click next**

Select **“Set up my connection manually”** and **click next**

Select **“Connect using a dial-up modem”** and **click next**

Type in a name for the connection (This can be anything) and **click next**

New Connection Wizard

Connection Name
What is the name of the service that provides your Internet connection?

Type the name of your ISP in the following box.

ISP Name

The name you type here will be the name of the connection you are creating.

< Back Next > Cancel

Type in **08456081387** and **click next**

New Connection Wizard

Phone Number to Dial
What is your ISP's phone number?

Type the phone number below.

Phone number:

You might need to include a "1" or the area code, or both. If you are not sure you need the extra numbers, dial the phone number on your telephone. If you hear a modem sound, the number dialed is correct.

< Back Next > Cancel

Type in your **Hebrides.Net** username and password, and **click next**

New Connection Wizard

Internet Account Information
You will need an account name and password to sign in to your Internet account.

Type an ISP account name and password, then write down this information and store it in a safe place. (If you have forgotten an existing account name or password, contact your ISP.)

User name:

Password:

Confirm password:

Use this account name and password when anyone connects to the Internet from this computer

Make this the default Internet connection

< Back Next > Cancel

Click **Finish** and you will be presented with the dial up connection. Click **"Dial"** and you will be connected to the Hebrides.Net dial up platform.

New Connection Wizard

 **Completing the New Connection Wizard**

You have successfully completed the steps needed to create the following connection:

Hebrides.Net

- Share with all users of this computer
- Use the same user name & password for everyone

The connection will be saved in the Network Connections folder.

Add a shortcut to this connection to my desktop

To create the connection and close this wizard, click Finish.
